From 1969 to the present day, and over three generations, creative, imaginative spirit mixed with self belief produced the high quality tradition of Italian craftsmanship that has marked Crassevig name, with tables and chairs appreciated throughout the world and distinguished by their tight, functional form. The deep experience of Crassevig provides perfect solutions for the contract market, which demands strict technical requirements together with a gratifying design for the users. For this reason, every customer's request is analyzed carefully, selecting models, materials and finishes, which better enhance the project and the environmental context. The whole Crassevig production is exclusively made in Italy, primarily with "zero-mile" principles and according to criteria of quality, safety and attention to detail, under the quality management system ISO 9001:2015. Product testing are carried out in collaboration with CATAS, the largest Italian institute and global reference point for research and testing in wood and furniture industry. Crassevig design and manufacture products respecting life and environment, following the environmental management system ISO 14001:2015. Plus, the FSC Certification guarantees that the wood used comes from responsibly managed forests. A value for the companies that produce, for those who buy and those who use the products.

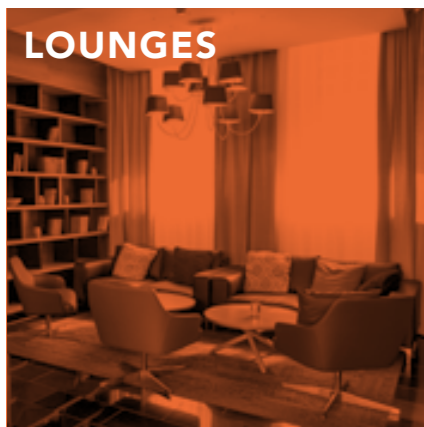

IT Dal 1969, lo spirito innovativo, l'imprenditorialità, la tradizione altamente qualitativa dell'artigianato italiano contrassegnano il nome Crassevig, creando tavoli e sedute apprezzati in tutto il mondo, riconoscibili per la loro rigorosa, funzionale forma. Nel settore contract, la profonda esperienza di Crassevig garantisce soluzioni perfette che rispondono ai requisiti tecnici e mantengono una cura intensa di design ed ergonomia, di materiali e finiture.

Ogni committente può contare su una progettazione personalizzata preceduta da analisi approfondite che ne valutano sostenibilità e ottimizzazione.

Le sedie e i tavoli Crassevig sono 100% Made in Italy, concepiti per resistere a un intenso utilizzo, rimanendo sempre belli e sicuri, seguendo i severi standard del sistema per la gestione della qualità ISO9001:2015. I test sui prodotti vengono effettuati in collaborazione con Catas, punto di riferimento mondiale per ricerca e prove nel settore legno-arredo. Crassevig progetta e produce nel rispetto dell'uomo e dell'ambiente ed è certificato ISO14001:2015 e FSC®, per offrire prodotti in legno provenienti da foreste gestite in maniera corretta e sostenibile.

AXEL

EN Built for the occasion of the 2012 London Olympics, in line with the principles of environmental sustainability, the stadium includes various spaces for hospitality, designed as exciting narrations of sporting traditions and challenges, with an idiom made up of colours, materials and style references. Comfort and durability were decisive in the choice of Axel by the interior designers.

IT Costruito in occasione delle Olimpiadi di Londra del 2012, in sintonia con i principi della sostenibilità ambientale, lo stadio comprende diversi spazi dedicati all'hospitality, concepiti come racconti entusiasmanti di sfide e tradizioni sportive, con un linguaggio fatto di colori, materiali e riferimenti stilistici. La comodità e la durata sono state determinanti per la scelta di Axel, da parte dei progettisti degli interni.
