

TOOLS FOR ARCHITECTS...

i n n o^{.fi}

It all begun 40 years ago...

Inno, since 1975.

Be inspired by the Inno collection, a mixture of proven classics and fresh novelties.

The aim of the collection is to provide architects and interior designers different looking and useful interior objects as tools for modern interiors.

"Tools for architects..." is a teaser to give an idea of our collection. More information in separate brochures, catalogues and our webpage.

Harri Korhonen, Interior architect

Jouni Leino, Interior architect

Ari Kanerva, Designer

Julie Tolvanen, Designer

Mikko Laakkonen, Designer

Steinar Hindenes, Designer

Simo Heikkilä, Interior architect

Jouko Järvisalo, Interior architect

Kola is aesthetically and weight wise a light family of chairs making it fit both public and private modern interiors. The seat, manufactured of 100% recyclable polyester felt, is part of the supporting construction. It has also great acoustic absorption capacities. The upholstered cushion gives extra comfort and allows the use of playful colours. The Kola chairs are fire resistant and easy to clean.

The Kola family includes an easy chair, a swiveling easy chair, a rocking chair, a meeting or dining chair with different leg options and a stacking small chair with or without armrests, or with a crossleg for meeting applications along with a bar chair.

Kola has been awarded with red dot award: product design 2012, Fennia Prize 2012 and Good Design Award 2010.

Design: Mikko Laakkonen

KOLA

KOLA ROCKING CHAIR

A modern lounge area featuring black and yellow furniture and white tables in a bright room with large windows. The room has a dark grey carpet and white walls. Large windows in the background provide a view of a cityscape. The furniture includes a black sofa with yellow cushions, a black armchair with a yellow seat, and a black chair with a yellow seat. There are three white round tables of varying heights. The text "SOFA: AURA" is visible in the lower left corner.

AURA

A

Aura is a harmonious and cozy 2-seater sofa, it surrounds you and is perfect for creating peaceful interiors. Due to its high back the tempting and sympathetic Aura also works as a divider. The disclosed structure gives Aura a characteristic identity.

Design: Mikko Laakkonen

A

Aura sofa is accompanied with a sympathetic lounge chair. Mix the sofa and the chair together to form harmonious and cozy Aura groups or use the chair separately to form lower sitting groups. Also to be used as a side chair. The back of the Aura chair is slightly lower allowing more visibility.

Design: Mikko Laakkonen

AURA SOFA

AURA CHAIR L

AURA CHAIR

AURA SOFA LOW

A

Aura sofa with a low back is the newest member of the award-winning Aura family. The low sofa fits together with the low chair. The sympathetic lounge chair (L) with its higher back fits naturally together with the high Aura sofa.

Design: Mikko Laakkonen

AURA

TABLE: BONDO

TABLE: BONDO

T

Taivu is a light and youthful, totally upholstered lounge chair for lobbies and waiting areas. It is a generous and comfortable chair seasoned with classic shapes. Taivu is easily tailored to fit different public interiors as well as homes.

Design: Mikko Laakkonen

Julie is the result of a persistent design process where curved veneer slats form a beautiful back and armrests for this light looking, sculptural wooden small chair for dining and meeting purposes. Available with or without seat upholstery.

Design: Julie Tolvanen

LAB

Lab table is a casual meeting or dining table, available as an individual or a modular version that can be extended endlessly.

Design: Harri Korhonen

LAB WOOD

VERTICAL STACKING

Lab table and chair for casual meetings and cozy dining!

"We are happy to create something different and we're expected to do so.

It was challenging and pleasant to enter into a new kind of a conference environment, one where casualness is emphasized instead of representative look. To use wood as material felt natural in the current spirit as it's considered warm and positive. We still added a quilted loose cushion to strengthen the cozy effect. I was particularly satisfied that we managed to make a chair as comfortable as Lab to be vertically stackable."

Design: Harri Korhonen

LAB

LAB Z wooden arm

LAB X

LAB Z metal arm

Lab Bar, Lab Z and X are continuation to the cozy convention of the Lab table and chair series. The softness of the chair has been created through a plain quilted seat. Lab Bar is available in two heights, accompanied with a high Lab table.

E

Flip is a wooden folding table for lecture, meeting and restaurant surroundings. It has a classic, warm look with a modern twist.

Design: Harri Korhonen

ETIP

Intro is a stackable wooden chair for use in a variety of public and private spaces. At first sight Intro looks simple but it is designed with a lot of attention to detail. The unique design combined with ergonomic proportions make it suitable for use in different purposes alone, in a group or around a table. The armrest version of Intro contains a distinct spirit that is suitable also for conference milieus. Available with an upholstered seat and/or back. Optional row connection.

BONDO TABLE

BONDO I-4

Free form, solid, smooth, rounded, peaceful... From earlier lighter Bondo versions Bondo D is the new totally upholstered basic module for Bondo – the universally applicable lounge element for public and semipublic waiting areas. The range of compositions may vary from a bench or divan to a 2-seater sofa, thanks to the different shapes of the back elements. Bondo can be combined into different setups or lines or used as single seats. Design: Harri Korhonen.

B

Bondo table was originally designed as part of the Bondo sofa series. The light structure, beveled table top edge and soft shape create an aerial impression. The tables overlap each other slightly which allows for organic layouts. The table is available in five sizes including a small side table to be used as a laptop or writing table in groups that consists of sofas and armchairs.

Design: Harri Korhonen.

BASSO

B

Basso is a streamlined chair with remarkable sitting comfort. Basso creates discreet reliability and even playful ambiance particularly in meeting rooms. It has a lumbar support embedded in the streamlined profile. The upholstered armrest protects the edge of the table top.

Basso is available in four sizes. M, L and XL comes with a 4-star cross leg (X) or a 5-star cross leg with wheels and gaslift (Z). Optional armrest. Basso S is a stackable small chair.

Design: Harri Korhonen

TABLE: CUSTOM MADE

S

Select is a balanced and comprehensive design furniture collection for hotels, lounges, conference rooms to auditoriums, dining rooms, cafeterias, classrooms etc. The distinct form and numerous material and leg options offer complete freedom to create different furnishings for interiors. The shape of Select gives a hint of comfort and Select fulfills that commitment. For a creative mind Select works as a perfect tool. That's why we've kept the shape simple and the versions versatile. Select yours.

Design: Harri Korhonen 2001-

SELECT

SELECT

S

Selectum is a highly versatile auditorium chair with many upholstery and finishing options. Its slightly curved shell gives perfect comfort even for longer sitting. The basic form is practical - the generous Selectum looks natural and aesthetic in rows. A single fixed chair can easily be grouped to curved or straight rows to form different set-ups with variable distance between chairs etc. Optional armrests and a folding writing tablet.

Design Harri Korhonen

SELECTUM

S

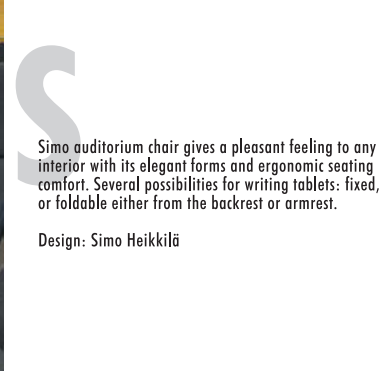

Sessio is an auditorium chair and beam seating solution with a mesh backrest. Optional armrest / writing tablet.

Design Harri Korhonen

SESSIO

S

Simo auditorium chair gives a pleasant feeling to any interior with its elegant forms and ergonomic seating comfort. Several possibilities for writing tablets: fixed, or foldable either from the backrest or armrest.

Design: Simo Heikkilä

SIMO

M

Mio auditorium chair with wooden backrest and seat creates a continuous wave, giving a special character to interiors. The frame can be fixed to declining floors in different ways and offers several solutions for fixing writing tablets to the leg structure, backrest or armrest. Its rich detail makes Mio an outstanding choice.

Design Jouko Järvisalo

MIO

O

Oscar is one of Inno's best sellers and on its way to become a design classic. The popularity is based on its sympathetic character. Oscar is a tempting chair! Just have a look at it and you want to try it. The sitting comfort is remarkably good due to the spring effect of the backrest. A lot of tension is created between the light and structural backrest and the lumpy, yet friendly seat.

Design: Harri Korhonen 1989

OSCAR

IN-TENSIVE

In-tensive is a forerunner of modular electrified meeting tables. First introduced back in 1998 in Nokia Research Center In-tensive has proven useful in meeting rooms all over the world. The modular structure, table tops in different shapes, sizes and materials and a large variety of leg versions make In-tensive suit both modern and classical interiors. All In-tensive tables have a spacious cable tray for easy cable management and different connections. For total range see separate brochure.

B

Box is a modular sofa available in 1-, 2- or 3-seater elements. Possibility to add arms and backrest. The elements are connectable.

Design: Harri Korhonen

BOX

Jarman family consists of lounge chair, 2- and 3-seater sofa and a sofa table. The designer's fundamental idea was to design a rectangular, square and cubic sofa with a softer look in appearance and detail. Due to its plain and logical design and different upholstery possibilities Jarman fits both into modern public interiors and private homes.

Design: Steinar Hindenes
